## PROFILE

Motivated and creative self-taught video editor with 2 years of freelance experience producing engaging visual content. Senior Computer Science student at Unity University with a strong passion for storytelling and technical expertise in video editing. Proficient in delivering high-quality projects tailored to clients' needs. Skilled in managing end-to-end post-production workflows and optimizing content for various platforms.

## WORK EXPERIENCE

### Freelancer, Remote

2022 - PRESENT

- As a freelance video editor working online for two year, I successfully collaborated with a variety of clients across different industries to deliver high-quality video content tailored to their specific needs. My primary responsibilities and accomplishments include:
- Content Creation and Editing:

Edited and produced engaging video content for platforms like YouTube, Instagram, TikTok, and other social media.

Created promotional videos, short films, vlogs, and educational content that increased audience engagement and viewership.

. Client Communication and Collaboration:

Conducted regular consultations with clients to understand their vision, requirements, and desired outcomes.

Ensured timely delivery of projects while maintaining excellent client relationships and satisfaction.
